Bay St. Louis girls, however, landed a 52-35 smother to the Hawks to save the visitors from having a real loss for the evening. In the girls' title, HNC's Glenda Faye scored 13 points and Jo Anne Lader made 12. Top for the contest was Pop-Jarville's M. Doughrill with 25. Wendell Lader paced the Hawks with 27 and Eddie Farnsworth with 17. Bay St. Louis was the only Pop-Jarville player to break into the two-figure column with 16 points.

Bay HNC squads go to P... Christian Friday night, Saturday will see the Hawk variety invades Bay St. Louis for the second time this season, this time to tackle St. Stanislaus in the Rockshaw gym.

Total count this week at 2,689 of whom 1,991 are contractor personnel. Meanwhile the Corps of Engineers at Mobile has called for bids Feb. 9 on construction of component service facilities. This includes a one-story building for servicing, checking, testing and calibrating components of vehicles, stages and test stand technical systems, and a cryogenics building for testing and calibrating cryogenic temperature probes and in performing functional tests on components of cryogenic systems.

Two representatives of U.S. News and World Report were at MTO this week assembling material for an article in that magazine on the Hancock County operation. They were Bill MacDougall and John Mashek.

Renovation bids sought by city

Estimated by architect Fred Wagner at under \$20,000, bids for renovations to the upstairs of City Hall are being sought for opening Feb. 8.

In addition to the installation of a fire escape, work will include the lowering of ceilings, conversion of the mayor's office into a meeting and council room and the relocation of the front door.

Designed to up-date and save hours of individual session, repeal and adoption, a \$3,850 reconfiguration contract covering all city ordinances has been signed with Municipal Code Corporation, of Tallahassee, Fla.

Carnival Ball planning starts

Plans for the annual Carnival Ball Feb. 26 were discussed Tuesday, when St. Joseph Academy Parents Club met with Willy Rhodes presiding.

Hostesses for the occasion were Mesdames Robert Everly, Lathon Garriga, Mrs. George Seuzeneau and Mrs. Emmett Demoran.

Mrs. George Stevens won the door prize and the seventh grade took room prize honors.

Harrison Central took the lead in the first period 13-7 and never gave it up through the rest of the battle. Anthony Lader of BHS tied for top score with McRae McLaurie of Harrison, each of them basketing 21 points.

The Bay Highfresh will have a busy time of it this week, visiting Pearl River Central with the variety quintet tomorrow night, playing a return match at Harrison Central Monday, and traveling to Long Beach Tuesday.

18 teams enter BHS invitational

The Bay High's 25th invitational basketball tournament opened last Wednesday night at the Tiger gym with 18 boys' teams and seven squads of girls scheduled for the four-day affair.

The defending champion, Hancock North Central's Hawks, are looking for a third straight win in the tournament, the oldest of its kind on the Gulf Coast. HNC boys topped Bay High in the finals last year while the Pass Christian girls

took up honors in their bracket from Harrison Central.

Opening night will have the Bay High Tigerettes squaring off against St. Martin's girls at 6 p.m. In the boys' bracket, Ocean Springs meets St. Martin at 7:15 and St. Stanislaus faces Notre Dame at 8:30. The Bay High boys draw a bye for the first round of the tourney, and will face the winner of the Ocean Springs-St. Martin tilt next Thursday at 8:30. Hancock North Central boys make their first appearance Friday night, Jan. 22, tackling the winner of the St. Stanislaus-Notre Dame first-round.

Jones, Todd split, girls 2nd at Pass

Valena C. Jones split the cage card Saturday night against Todd Memorial from Poplarville. In the girls' game, VCJ took Todd 29-26 with Tigretess Marilyn Price and Annie Haynes scoring 15 and 11 points, respectively, for the home team. The Jones boys lost 59-51 in the second match. Robert Whaver scored 27 points and Larry Peters netted 12 for VCJ in the finale.

Continuing a busy basketball schedule, both teams took part in the Randolph High invitational at Pass Christian Saturday. In the girls' bracket, Jones was runner-up, losing to Randolph in a 31-30 final thriller. The girls' semi-final, which VCJ won from Todd, saw Gladys Mullins drop in a free throw with two seconds on the clock for the 14-13 victory. In boys play at Randolph, Jones lost the semi-final to Carver High of Piquette by 79-45. Carver went on to win the series, beating Randolph 65-60 in the last round.

Miss Gottschalk, daughter of Mr. and Mrs. C.F. Gottschalk, 333 de Montezuma Ave., is a senior in the college of arts and sciences, and a graduate of St. Joseph Academy.

5 Hawks in double figures vs. BHS

Hancock North Central Hawks flew into town Friday night and flocked home with their talons full of Tiger fur after defeating Bay High 89-70 in a hard-packed battle for the baskets. Hawk Coach Roland Lachner got little chance to exercise his benchmen however, as Wilmer Seymour's Tigers made the HNC visitors earn every point.

But the Hawks were hot, and they combined good shooting with a well-organized defense to pull off the win. Five men from North Central were able to wicket 10 points or better. Eddie Peterson tallied 20 points with 16 and 10 Am-Lad-

27, Kenny Randall followed with 19, and the high-scoring trailblazers were Wendell Lachner 17, Paul Cuevas 16, and Kenneth Hoda 10.

Mike Necaise put on a show for Bay High heavier, 14 points through the hoop. Larry Johnson got 18, Bruce Cox 15, and Johnnie Paxton 11.

In the girls' varsity game the Tigretess won out over the Hawkettes 44-41. Melva Luke turned in a spectacular performance in scoring 20 points for Bay High. Glenda Faye with 16 and Jo Ann-Lad-

Of these, two hold fondest memories:

**You might find another car
as new as the Delta 88**

This is Oldsmobile's Delta 88. It's unique. Unique because it's new. New, never through.

Hydra-Glide is new. So new, not a line nor a lightbulb was borrowed from last year. Power plant is new, Super Rocket V-8 is the biggest in Olds history: 454-cubic-inches big, up to 370-horses strong.

Transmission is new, too. Turbo Hydra-Matic, available on any Delta 88, boosted up to 40% more torque from a standing start, superlative performance at all speeds.

New styling. New nose. New transmission. This year, only Delta 88 lets you DALT all class all year. Other cars have a lot of catching up to do.

Others collecting Saturday and Sunday were Dale Russell, Jane Walker, Mary Perkins, John Shattuck, Valda Pitts, Cathy Byrd, Andy Loup, Amette Vaughn, Georgia Neacise, Amelia Richardson, Don Freeman, Riley Walker, Betty Hill, Piji White, Al Sarraz, Ellen McDonald, Ross Maurigi and three almost-sons, Steve Smith, Jimmy Wagner and Brian Russell.

Sorry to hear that George Stutz spent New Year's week in Hotel Dieu, New Orleans, where she had a series of tests. Her trouble was diagnosed as, of all things, ulcers.

We send farewell greetings to and Inez C. who and their parents, Mr. and Mrs. Ken K. Callihan have moved to California. The Callihans, however, hope to return here in the spring.

It's good to see Jeanne Lagasse up and about again. She's finally recovered from the complications that followed her automobile accident.

Sally Porter is prepping to take her driver's license test and we're told that she has discovered the difference in the accelerator and the brakes the hard way.

Our SJA reporter Lucille Giametta came through this week and her report follows: Belated birthday wishes go to Doug Salley who was 19 on Dec. 19. Doug took a vacation for 2 1/2 months, spending Christmas in Texas with his brother's family and New Year's in Burke, La. During Danny Henry celebrated his 20th on Dec. 31. Danny is in the Air Corps reserve and is currently stationed in Lackland, Tex. His next leave is due in March.

By the way, Johnny Kramer had a Christmas leave from Port Hood, Tex. All Bessie fans had at our ward had heard that the "beat guys" are going to be in Mobile in June. True or false, you'd better wait saving your money 'till cause the price is really staggering.

None of the trouble class at SJA were really proud of their NEDT test scores which ranged among the nation's top ten per cent. Congratulations were given Cunningham, Cathy Blumstein,

Kathy Dahl, Lucille Giametta, Illona Marquez, Lisa Monti, Lizbet Phillips, Carolyn Redding and Cheryl Stoesel. Congratulations girls!

We sincerely hope that all who attended Kathy Dahl's New Year's Eve party have recuperated. Is it really true that a seance recalled ghosts of New Years past?

Twanging sounds can be heard all over town this week as all who received guitars from Santa are playing away like mad. The Dimensions will play for a dance sponsored by the CYO from 8 until 11 p.m. Saturday at the KC Hall.

More engagements... Linda Du... is proudly displaying her... presented by Henry Heitzman... of course.

Get well wishes go to Margaret McDowell who is recuperating from an appendectomy performed at Hancock General last Friday.

Among Bay High football players, cheerleaders, etc., attending the Senior Bowl game in Mobile Saturday were Sally Scharf, Kathleen McAuley, Jimmy Rutherford, Danny Krankey and Mike Strong.

Marching in halftime at the same game were USM local band members Karen Williams, Paula Crider and George Hill. Charlotte Mieszynd her family spent the holidays in Florida.

Margie Lee's Christmas gift from steady Gary Frick was a lovely watch on a chain. She gifted him with a ring.

GUEST EDITORIAL

Are we on the verge of losing a good civic asset through indolence and inertia? We think we are, and the asset is the Bay St. Louis Little Theater, at one time this was a very active and stimulating organization, one which the community pointed to with considerable pride. It represented the first venture on the Mississippi Gulf Coast of the great Little Theater movement which was sweeping the country, a program which has provided the masses of the American public with the one means whereby they can enjoy the thrill which stems from seeing "live" theater. In fact the local organization was among the first in the state. It was something for this community to point to with pride.

For quite a few years the theater here blossomed and grew. Broadway and classic plays were produced. Some good, some mediocre, some even quite bad, but from each some element of the great world of the theater left its mark on our people. Names of playwrights became familiar to persons who probably had never heard of Sir James Barrie or even Moss and Hart. It was an educational as well as an entertainment medium for our people. Training of actors, directors, stage designers, lights and sound technicians became a part of the way of life, and an evening at the "theater" was more than just another movie. Naturally there was considerable controversy among those who did the bulk of the work. This was good, as nothing is quite so stimulating as a difference of opinion. Membership flourished, plays were scheduled for four night runs, and houses were filled to capacity for most of the shows. Saturday nights usually saw STR only, and the box office did good business.

In the past few years a lethargy has settled over our area as connected with the theater. Whether it is being taken for granted, or whether interest is just flagging, or whether a laziness has set in we are at a loss to know! People seem to want this asset. It is advertised highly as an attraction in inducing new residents and new residents speak kindly about having such an organization, yet the people who work to make possible the continuance of this delightful media are pitifully few. It is difficult to produce plays. There is more than the usual amount of good acting talent available, but for some reason there is a hesitancy on the parts of potentials to volunteer for roles. There must be a number of good directors available, but none volunteer services. With the number of engineers and other trained people who have joined us there are bound to be much better qualified technical people for lights, sounds, and stage designs. Yet try to get workers, it is almost a farce when trying to do a show. Each production sees the same tired and tried few struggling against many odds to keep the life blood of the theater from ebbing to extinction.

The newspapers of the area have contributed handsomely throughout the years with free publicity, so it cannot be blamed on the excuse so many use that "I did not know about it". The last two productions had the advantage of good radio publicity, again provided at no cost.

We are beginning a new year. The Bay St. Louis Little Theater opens its 1955 season in early spring, and continues through late fall. We believe that if the people who mean what they say when they say this organization is a blessing for the community, will attend the annual meeting (which will be publicized in advance), and lift more than their voices in establishing policy and volunteering work, the continuance as well as a great growth of this fine medium of public interest will be assured.

WASHINGTON—LBJ's inaugural will close down two movie productions in Europe and two Broadway shows to permit their stars to come to Washington. The voluptuous Sophia Loren will drop her part in her Roman production, while Woody Allen, who is shooting "What's New, Pussycat?" in Paris, will also fly to Washington for the inaugural gala. On Broadway, Carol Channing will close down "Hello, Dolly!" to come to Washington, along with Barbara Streisand, the star of "Funny Girl".

The show in shooting the European pictures will probably close the production's business for the season. At the opening of the 89th Congress, however, Raynor was more pliable. He bent with the crowd and act is the best partly because of one phone call from the White House, partly because he saw the strength of the liberal Democrats.

Do you bring home everything you've paid for?

It's a good question.

Which you can answer "yes" - if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else - PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

Bay and bayou

By HANK EVANS

A new organization was formed Thursday night when H.A. Gilmore decided he had the solution to the problem of moving 60,000 pounds of boat from land to water. Gilly was immediately appointed the project's chief engineer and joined the efforts of R. Strong, J. Monti, M. Phillips and H. Byans. After three hours of intensive labor the following results were achieved: the boat had moved about two inches, the chief engineer was reduced to buck private, a small tree had been reduced to a stump, a nine-foot piling had been jerked out of the sand, one water line was broken, a four-year-old cat was furious (because he had been using the tree to get on and off the boat), and there wasn't anything potable left around the mud slip. After an exchange of correspondence over the weekend, J. Benvenuti was appointed the new chief engineer of this slightly informal group.

A hearty welcome to Jake Jacob, our new staffer. Especially at two o'clock in the morning. We had several anxious hours Saturday night when a brush fire got out of control in the Edwardsville section. Civil Defense, fire, and forestry personnel were active until early Sunday morning, and several people around the area stood by on their citizens' band radios. Luckily, no houses burned. When will people learn the danger of setting fires in dry marshland?

The Echo's picture editorial last week, showing beautiful Bay St. Louis in horrible realism, had at least one significant effect. Our good wife had us out cleaning up the property and burning trash the very next morning.

Who says insects are color blind? Shortly after Mrs. Carl Baldenhofer got through decorating Louis Schwall's new real estate office on the beachfront, the honeybees invaded. Seems they were trying to get nectar from the red-flowered drapes on the wall. Only way Mrs. Baldenhofer could get the bees off the drapes was to lure them away with sugar and water.

Perry Quintini appeared in town this week, taking a few days leave from his duties at the Pentagon. Perry's itching to go fly-fishing but would like the weather not quite so frigid.

Young Bud Bellamy loaned us his Christmas motorbike for brief spin Sunday night. Wow! The power of these little machines is a bit frightening, especially when you haven't done any two-wheel riding in about ten years. Fortunately, we managed to return the bike uninjured, but Monday morning brought several sore muscles and a good case of sinus trouble from bouncing around in the chilly wind.

August Rauxer, his son, Nicky, L.S. and Luke Elliott all spent the weekend on August's boat out in the marshes. They tried and tried practically everything in the tackle boxes came out, from the way we heard the story. But, not much came back home except four disgusted sportsmen. Can't win 'em all.
